

MORTARS & CEMENTS

PRODUCT SELECTION GUIDE

	Crack Resistant Surface Bonding Cement	Foundation Coating Cement	Heavy-Duty Waterproofing Base Coat	Glass Block Mortar	Instant Post Cement
	Multi-Use Product	Coats & Protects Polystyrene	Waterproof Coating for Concrete	White Colored Mortar	Quick Setting
Advantages	<ul style="list-style-type: none"> Moisture resistant Glass fiber reinforced High strength Controls shrinkage 	<ul style="list-style-type: none"> Easy brush on or trowel on application Polymer modified for adhesion 	<ul style="list-style-type: none"> Cement-based water-proof coating Applies to a smooth or textured finish 	<ul style="list-style-type: none"> Easy workability Minimizes shrinkage in joints Multi-purpose use 	<ul style="list-style-type: none"> Fast set in minutes High strength No mixing required Non-structural
Coverage	<ul style="list-style-type: none"> 50 sq. ft. at 1/8" thickness 	<ul style="list-style-type: none"> Each 50 lb. bag will cover approximately 120-140 sq. ft. at 1/16" thickness. 	<ul style="list-style-type: none"> Each 50 lb. bag will cover approximately 45-55 sq. ft. at 1/8" thickness. 	<ul style="list-style-type: none"> Each 50 lb. bag will yield approximately 1/2 cubic foot of wet mortar. 	<ul style="list-style-type: none"> One 50 lb. bag will fill a 6" diameter hole at a 24" depth when setting a 4" post.
Application					
Dry-Stack Masonry Walls	★				
Interior	★	★	★	★	
Exterior	★	★	★	★	★
Polystyrene Foam		★			
Concrete Walls	★		★		
Waterproofing			★		
Placing Glass Block				★	
Insulated Concrete Forms		★			
Block Walls	★		★	★	
Brick Walls	★		★	★	
Stucco	★		★		
Non-Uniform Surfaces	★	★	★	★	★
Setting Posts: No Mixing					★
Pre-Blended: Just add water	★	★	★	★	★
Use w/ Bonding Additive	★		★	★
